

The diagram shows a large rectangular area representing a print layout. It is bounded by a thin blue line on the top, bottom, and right sides, and a thin purple line on the left side. A vertical green line runs down the center of the layout. A horizontal blue line is positioned near the top, spanning most of the width. A horizontal purple line is positioned below the blue line, also spanning most of the width. A horizontal black line is positioned below the purple line, spanning most of the width. A horizontal green line is positioned near the bottom, spanning most of the width. The text labels are placed to the right of the layout, with lines pointing to the corresponding features.

SAFE

DO NOT place important text or images beyond the blue border area to prevent trimming.

Anything left outside the blue box may be cut off during trimming.

TRIM

This is the actual cut of the final design.

BLEED ZONE

0.125 inch from left, right top and bottom side
Make sure to extend the background images or colours all the way to the edge of the black outline.

Please save your artwork without blue, purple grey and black frames

FOLD LINES

This is where your final print job will be folded
